## Therm-O-Flex Space Heating

Eliminates the risk of damage to the boiler and piping in the system. In-line tanks from 2 through 14.6-gallons free-standing models from 14.6 gallons through 96 gallons, plus special Combination Units. Not for use with potable water heating systems.

- Shipped with an air vent and separator
- Models up to 14.6 gallons feature in-line design for installation directly into system piping
- Models from 14.6 gallons and up feature free-standing design
- Field-adjustable 12 PSI Air charge
- Drawn-steel tank
- Butyl diaphragm, for permanent separation of air and water, with no waterlogging
- Maximum Working Pressure 100 PSI
- Maximum Temperature: 240°F
- 1-year Limited Warranty
